Limited Warranty

Celestaire makes every effort to rigorously inspect the Astra IIIB sextants and to insure they meet our quality standards. Celestaire, therefore, warrants this product to be free from defective material and workmanship under normal use and service to the first consumer purchaser. This applies only to products for consumer use and not to products for resale.

The limited warranty shall be in effect for a period of 1 year (365 Days) after delivery to the original consumer purchaser.

During this limited warranty period, Celestaire will, at its option, either repair or replace without charge any product which malfunctions as a result of defects in material or workmanship. The defective product must first be returned to Celestaire, transportation charges prepaid, and must be accompanied by a written explanation of the defect, how and when the product was used and when and whom it was purchased. For this purpose, it is helpful to keep your sales slip with this warranty. Be sure to indicate your return address.

This limited warranty will not apply to any product which has been subject to misuse, negligence or accident.

Implied Warranties are limited in duration to the life of this Limited Warranty.
